THE MISSION of the Cook County Office of the Chief Procurement Officer (OCPO) is to acquire quality goods and services for Cook County agencies at the best price by promoting competition and implementing best practices.

To achieve this goal, OCPO is committed to implementing open and transparent procurement methods to promote vendor participation while lowering costs to taxpayers.

As a public agency, the Office of the Chief Procurement Officer welcomes all vendors to participate in the open and competitive procurement process. This buying plan contains hundreds of great opportunities for vendors to do business with Cook County.

This buying plan also includes information on numerous County projects and needs. You will find useful information on the department requesting proposals, project descriptions, value of contract, anticipated advertising date and various Minority, Women and Veteran Business Enterprise subcontracting opportunities.

OCPO encourages all potential vendors to use the information provided in this plan to prepare for future solicitations and have a greater chance of success in obtaining County Contracts. Please contact Procurement staff or visit our website at cookcountyiil.gov/procurement with any questions regarding procurement and contracting procedures.

Raffi Sarrafian
Chief Procurement Officer

WELCOME TO COOK COUNTY

Dear Vendor:

Thank you for your interest in doing business with Cook County. The goods and services offered by the vendor community to our County agencies, departments, and separately elected officials, are crucial to improving the lives of our residents. From technology to modernize our justice system to transportation infrastructure improvements, collaboration between the County and its vendors is key to making Cook County a better place to work and live.

In my administration's drive to improve services and be more transparent and accountable, our procurement office has worked to streamline the procurement process and make it more open and accessible to vendors and residents. By embracing a more transparent and visible procurement process, vendors, particularly small

and minority/women owned businesses, have greater opportunities to obtain information and resources. This Buying Plan and the many workshops the procurement office provides exemplify my administration's efforts to make the County an attractive business partner.

Should you have any questions regarding this Buying Plan or the procurement process please feel free to contact the procurement office. Thank you again for your interest in doing business with Cook County. We look forward to working together.

Sincerely,
Toni Preckwinkle

Cook County Board President

OPERATIONAL OPPORTUNITIES:

2019 INITIATIVES AND GOALS

ENHANCE ACCESSIBILITY TO VENDORS

OCPO plans to enhance telecommunication capabilities to allow vendors to join by way of videoconference for pre-proposal conferences. This will make the process more accessible for vendors located out of state and/or the Country and will increase competition and transparency. We anticipate the outcome to be increased vendor participation in County solicitations and so have increased our target for vendors bidding on projects to 900 for FY2019.

INCREASE VENDOR KNOWLEDGE OPPORTUNITIES

By the end of FY 2018 OCPO will host 8 different workshop categories via 48 in-person sessions. In FY2019- in addition to holding the in-person workshops, OCPO plans to post the content of these workshops to our website in a video format. This will allow the vendor community to access this knowledge on their own time and own pace. This will increase transparency and both the quality and quantity of vendors bidding on projects.

ELECTRONIC BID SUBMISSIONS

In FY 2019 OCPO will implement the Oracle iProcurement solution, which will allow vendors to submit bids electronically for less complex solicitations. Vendors will appreciate the efficiencies gained by this process and save time and money when responding to a solicitation – resulting in a better overall experience for the vendor, and better prices for Cook County.
