

2021 Dental Plan Highlights

Take advantage of your Cook County Dental Benefits

Did you know that you, and your covered dependents, can receive the following treatments every year? All at no cost to you!

Dental exams (2 per year) • Cleanings (2 per year) • Fluoride treatment

Call and make your appointments today if you still have preventive benefits you haven't used during the plan period.

Select a Dental HMO or PPO

Review your family needs and your benefit options carefully. Cook County employees must choose between one of the two options. The first option is the First Commonwealth/Guardian Dental HMO plan, that provides access to services performed at participating dental HMO practices. The second option is the First Commonwealth/Guardian PPO plan, that allows you to seek dental care from dentists who either are in or out of the PPO network. If you have extensive dental costs ahead of you, consider putting aside money in your medical flexible spending account so you can pay for these costs with before tax money!

The chart below shows the details of your options. Review the information closely. Call the numbers provided if you have any questions.
