

We are the Forest Preserve Foundation

As the philanthropic partner to the Forest Preserves of Cook County, the Forest Preserve Foundation is dedicated to protecting and restoring this natural treasure and to enhancing the outdoor experiences of all communities.

The Forest Preserve District of Cook County is one of the oldest and largest forest preserve districts in the United States. Nearly 70,000 acres of woods, wetlands and prairies grace this urban area. Without them, our health, air quality, water, wildlife, plants, and communities would be at greater risk. When we keep these valued natural areas healthy, we all can thrive.
