

ELECTRONIC WASTE

Did you know it is illegal for some electronic devices to go to the landfill?

These devices contain hazardous materials that we want to keep out of our land and water.

REDUCE

Consider repairing broken electronics yourself.

Find a community reuse clinic near you.

Visit ifixit.com for repair guides on items like phones, computers, game consoles and more.

REUSE

Contact your local thrift store and see if they will accept your electronics.

Many stores will only accept newer electronics. We recommend calling to confirm beforehand.

RECYCLE

Permanent Collection Sites:

We suggest calling beforehand to confirm the location's hours and accepted materials. Please consider deleting your personal information off the devices before disposing.

City of Chicago

Household Chemicals & Computer Recycling Facility

** Available to all residents**

1150 N. North Branch St, Chicago, IL 60642
(312)744-3060
